Consignes de sécurité

- La sécurité, la fonctionnalité et l'intégrité du produit ne sont garanties que si les consignes fournies dans ce manuel sont respectées. Tout manquement à ce point peut entraîner des blessures corporelles et des dommages matériels. Le fabricant décline toute responsabilité pour les dommages survenus du fait du non respect des instructions.
- Procédez strictement comme indiqué dans le manuel de montage pour éviter toute erreur de montage et tout dommage du produit.
- Outre les consignes du présent manuel, tenez compte également des dispositions généralement en vigueur en matière de sécurité et de prévention des accidents.

Instructions

- Les présentes instructions doivent être disponibles durant tout le montage. Lorsque le montage est effectué par différentes personnes (par ex. installateur, carreleur), les instructions de montage doivent être transmises.
- Les cotes sont indiquées en millimètres (mm).
- Les illustrations ne sont pas à l'échelle.
- Sous réserve de modifications techniques.

Instructions de montage

- Le montage ne doit être réalisé que par du personnel qualifié.
- Manipulez le produit avec la plus grande précaution afin d'éviter tout dommage. Les bagues et autres objets susceptibles d'endommager le produit doivent être retirés avant le montage.
- Le support doit pouvoir supporter le poids de l'installation.
- Les éléments lourds et encombrants doivent être déplacés et montés par deux personnes.

Veuillez observer les documentations séparées (par ex. pour les garnitures d'écoulement).
